Salbutamol Sulphate 4 mg. & Theophylline 200 mg. Tablets

**Salbutamol & Theophylline** is used to relieve and prevent bronchospasm associated with asthma, bronchitis, emphysema and other pulmonary disorders where bronchospasm is a complicating factor. It is also indicated in the prevention of exercise-induced bronchospasm.

**Breathe easy with Asthom and Asthom Forte**

For severe Asthma...

**During bacterial infections**

℞

**Bactram**<sup>TM</sup>

(Cefotaxime 750 mg + Sulbactam 1500 mg Inj)

**Broad Spectrum** ℞

**Cefotaxime**

- The broad spectrum cephalosporin

**Sulbactam**

- Destroys betalactamase

- Protects Cefotaxime

℞

**Bactram**

**The victorious combination**

## During Allergic Cold & Cough

# Benacof™

Diphenhydramine 14.08 mg +  
Ammonium Chloride 138 mg + Citrate 57.03 mg

## During Dry & Allergic Cough

Chlorpheniramine, Codeine

# COCOREX\*

Dry Cough Syrup

## More Effective - More Beneficial

- Reduces allergic symptoms
- Clears respiratory tract
- Removes cough
- Relieves congestion

*During*

- Allergies rhinitis
- Sinusitis
- Sneezing & runny nose
- Watery red eyes

- Potent antitussive action
- Reduces distressing symptoms
- Relieves irritation
- Provides soothing effect

*During*

- Dry allergic cough
- Nocturnal cough & smokers cough
- Drug induced cough
- Cough during intubations

## For Prompt Cough Relief

## Preferred antibacterial

# R<sub>x</sub>

**Cepokem**<sup>®</sup>  
Cefpodoxime Proxetil USP  
100 mg tablets

- Attains higher tissue concentrations
- Excreted unchanged through urine
- ◆ High efficacy in UTIs
- Useful switchover R<sub>x</sub> after parenteral therapy

**Cepokem**<sup>®</sup>  
Cefuroxime Sodium I.P.  
250 mg / 750 mg injections

- ◆ Crosses Blood-Brain-Barrier
  - Effective even in meningitis
- ◆ Stable even in the presence of **beta-lactamase enzyme**
  - Enhanced anti-bacterial coverage

The Antibacterial Care

# CETRILIN™

Cetirizine Dihydrochloride Tablts 10mg

# CETRILIN-A™

Cetirizine Dihydrochloride 5 mg + Pseudoephedrine 30 mg  
+ Ambroxol 60 mg Tablets

## The Fast Acting Antiallergic Range

- ✓ Potent antihistaminic (H1) action
- ✓ Does not cross Blood Brain Barrier
  - Free from sedation
  - No effect on mental alertness

- ✓ Dilates respiratory airways
- ✓ Liquifies thick mucus
- ✓ Relieves congestion & chocking

*During*

- |                     |                         |
|---------------------|-------------------------|
| ○ Seasonal rhinitis | ○ Allergic cough & cold |
| ○ Running nose      | ○ Conjunctivitis        |

'Curing Lives'

# Deca-Duralin™

Nandrolone Decanoate Inj.  
25 mg, 50 mg / ml.

- ◆ Stimulates appetite
- ◆ Induces muscle and tissue growth
- ◆ Increases RBC production
- ◆ Enhances bone density

## For Positive Effects

*During*

- ◆ Severe illness, Surgery
- ◆ Chronic infections
- ◆ Refractory anaemia
- ◆ Breast cancer therapy
- ◆ Enhanced muscular performance

# DURALIN™

NANDROLONE PHENYLPROPIONATE INJ.  
25 mg, 50 mg / ml

## Sex Hormone Injections

# DIABANERVE™

Mecobalamin, Alpha Lipoic Acid with Vitamins Capsules

## The Neuronal Rejuvenator

- Helps in the formation of myelin sheath
- Promotes growth
- Regenerates nerve cells

### Mecobalamin 750 mcg

- Body's own form of Vit. B<sub>12</sub>
- Highly effective & safe for treating symptoms of **diabetic neuropathy**, Peripheral neuropathy & arthritis.

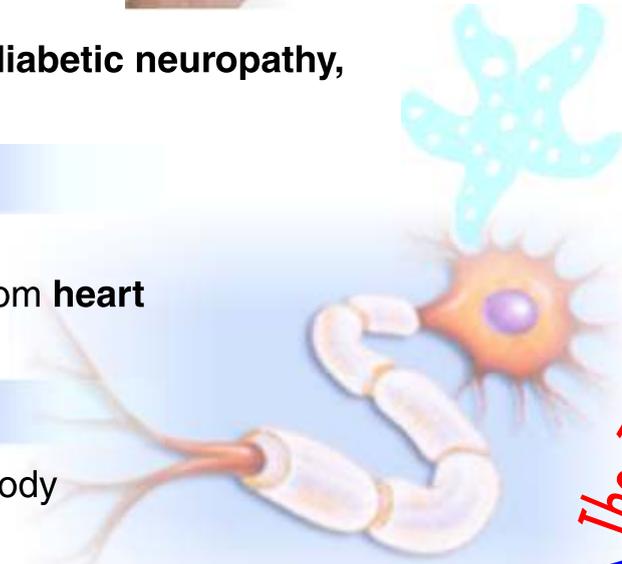

### Alpha Lipoic Acid 100 mg

- Positive impact on lipid profile
- Prevents or treats many age-related diseases, from **heart disease & stroke to diabetes & cataracts.**

### Multivitamins

- Replenishes routine requirement of vitamins to body

*The Total Nerve Nourisher*

**To Recharge Mind & Body**

During the problem of indigestion

# DIZICUM<sup>™</sup> LIQUID

$\alpha$  - Amylase 62.5 mg+ Pepsin 20 mg/10 ml

Ready  
Mix

## Digestive Solution

**Carbohydrates (50 to 60%) & Proteins (20 to 30%)** are the major contents of our food

### Amylase

- ♦ Important enzyme in carbohydrate digestion
- ♦ Digests polysaccharide, starch & complex sugars into simple sugars like glucose

### Pepsin

- ♦ Proteolytic enzyme
- ♦ Essential for digestion of complex proteins to easily absorbable peptides & amino acids

Also  
Co-*h* with  
H<sub>2</sub> antagonist/PPIs

# LIFE BC-VITA™

## BeCause LIFE is VITAL

Multivitamins & Minerals Capsule

- ◆ Promotes physical & mental growth
- ◆ Repairs & rebuilds cells & tissues
- ◆ Increases immunity - reduces illness episodes
- ◆ Improves vitality & vigour

### During

- Pregnancy & Childhood
- Old age
- Chronic degenerative diseases
- Surgery & burns

**Providing beam of good health**

## During resistant bacterial infections

# LINCOZIN<sup>TM</sup>

Lincomycin Hydrochloride

250 mg / 500 mg Capsules, 300 mg/ml - 30 ml Inj.

### The positive step for gram +ve action

- ✘ Enhanced gram +ve coverage (Streptococci, Staphylococci)
- ✘ Extended spectrum includes Actinomycetes, Mycoplasma & Plasmodium
- ✘ Suitable for Penicillin allergic patients
- ✘ Cures multi-drug resistant infections

#### *During*

- RTIs - Bronchitis & Pneumonia
- Septicaemia
- SSTIs & UTIs
- Osteomyelitis

**The Positive Step During Infections**

# LIPIROL™

Atorvastatin Calcium 10 mg / 20 mg tablets

## The Lipid Lowering Rx

### HMG CoA reductase inhibitor

- ✓ Reduces total cholesterol by 29% to 45%
- ✓ Reduces LDL cholesterol by 39% to 60%
- ✓ Reduces oxidation of lipids
- ✓ Prevents atherosclerosis

Increases HDL-good cholesterol levels

#### *During*

- Dyslipidemia
- Diabetes hypertension & IHD
- Stroke
- Associated renal & retinal problems

For much needed balance

# ® Mero**kem**™

Morepenam 0.5 / 1 gm Inj.

## Ultra-broad spectrum antibiotic

- ✓ Highly resistant to beta-lactamase & Cephalosporinase
- ✓ Superior to Imipenam
- ✓ Effective even against difficult to treat infections

*Doing*

- Hospital Infections
- Meningitis
- Pneumonia
- UTIs & SSTIs
- Septicaemia
- Surgical infections

® Mero**kem** The Unbeatable **Warrior**

# Metherlin<sup>TM</sup>

Methylergometrine Maleate IP 0.2 mg Inj.

# Metherlin<sup>TM</sup>

Methylergometrine Maleate IP 0.125 mg Tablets

**The Powerful vasoconstrictor-utero contractor**

## 5HT Adrenergic Agonist

- ✓ Increases force, frequency & duration of uterine contractions
- ✓ Stops excessive bleeding

Also during  
migraine  
headache

### *During*

- 3rd stage of labour
- Postpartum haemorrhage
- Abortion & Miscarriage
- Caesarean section
- Sub involution of the uterus

**For True Care**

## Join The Antimalarial Movement

**MEXOQUINE™**

Mefloquine HCL 250 mg tablet

Tadalafil 20 mg. Tablets

**Trigra<sup>™</sup>**

*Keep alive the fire every night*

# Neurovital Forte™

Tablets of Vitamin B Complex with B<sub>12</sub> / Injection

*The Vital Vitamins Support*

## B-complex

- Rejuvenates cells & tissues
- Re-energises the body

## Vitamin B<sub>12</sub>

- Enhances neuronal activity
- Promotes red blood cell synthesis
- Fights immunity - promotes recovery

*During*

- ✦ Convalescence after surgery & burns
- ✦ Chronic infections like TB, Malaria & HIV
- ✦ Severe & prolonged anaemia

**Start with Injections, Stay Fit with Tablets**

Rx **NORVATE -5<sup>TM</sup>**

Amlodipine Besilate 5mg

**Hypertension**

NORVATE is indicated for the treatment of hypertension. It may be used alone or in combination with other antihypertensive agents.

**NORVATE -10<sup>TM</sup>**

**Coronary Artery Disease (CAD)**

NORVATE is indicated for the symptomatic treatment of chronic stable angina. NORVATE may be used alone or in combination with other antianginal agents.

*During*

- ✓ Coronary Artery Disease
- ✓ Hypertension & IHD
- ✓ High blood pressure

**For High Blood Pressure, Hypertension & Artery Disease (CAD)**

**When Acid Fires**

# Protozole™

Pantoprazole 40 mg Inj

## For Prompt Relief

- ✓ Provides faster & predictable acid control
- ✓ Reduces day time & nocturnal heartburn
- ✓ Promotes faster ulcer healing

*During*

- ◆ Hyperacidity
- ◆ Heartburn
- ◆ GERD
- ◆ Peptic ulcers
- ◆ Duodenal ulcers
- ◆ Drug induced ulcers

## The Cool Relief

## The age old problem of allergy

**RUPAMEX<sup>®</sup>**  
Rupatadine Fumarate tablets 10 mg

## The New Anti-allergic

### Unique mode of action

- ✍ Selective histaminic (H1) antagonist
- ✍ PAF (Platelet Activating Factor) antagonist
- ✍ Inhibits - Mast cell degranulation,
  - Neutrophil & eosinophil migration
  - Release of inflammatory cytokines

### The perfect *Rx* for

- ☞ Seasonal allergies rhinitis
- ☞ Perennial allergy rhinitis
- ☞ Allergies due to indoor allergens, pest, dust mite, etc.

For some People Allergy Season is all Year Long.

# ® **SetraXone**™

## For Enhanced Antibacterial Power

### Ceftriaxone

- ✌ The powerful 3<sup>rd</sup> generation cephalosporin
- ✌ Excellent action against gram -ve & gram +ve infections
- ✌ Attains higher tissue concentration

### Sulbactam

- ✌ Destroys beta-lactamase
- ✌ Protects ceftriaxone from destruction
- ✌ Kills even earlier resistant bacterial strains

*Doing*

- Typhoid & enteric fever
- RTIs - UTIs - SSTIs
- Surgical procedures
- Nosocomial infections
- Bronchitis, Pneumonia
- Bone & Joint infections

## The Total Bactericidal

## During sleepless Anxiety moments

Diazepam Tablets IP 5 mg

**SilPrex-5™**

**The sleep-well ℞**

The GABA receptor Agonist

*During*

- Anxiety & seizures
- Insomnia & sleep disturbances
- Alcohol withdrawal
- Muscle spasm

**Relief from Anxiety**

- The benzodiazepine derivative with CNS depressant action
- The core medicine in WHO's 'Essential Drug List' for basic health care
- Devoid of autonomic side effects
- Safer ℞ - wide margin of safety

# Tocoder-400<sup>TM</sup>

## Vitamin E 400 mg Capsules

- ➔ Improves blood lipid profile, prevents atherosclerosis & reduces cardiovascular deaths
- ➔ Increases joint mobility & provides pain relief in arthritic patients
- ➔ Slows down aging of cells & tissues & enhances immunity
- ➔ Prevents anaemia, improves brain function & provides anti-inflammatory activity

*During*

- |                   |                              |
|-------------------|------------------------------|
| ◆ Hypertension    | ◆ Alzheimer's disease        |
| ◆ Atherosclerosis | ◆ Inflammatory conditions    |
| ◆ Stroke          | ◆ Arthritis                  |
