

Indigestion Problem?

DIZICUMTM LIQUID

α - Amylase 62.5 mg+ Pepsin 20 mg/10 ml

Ready Mix

Digestive Enzyme

Cardamom flavour

Carbohydrates (50 to 60%) & Proteins (20 to 30%) are the major contents of our food

Amylase

Important enzyme in carbohydrate digestion
Digests polysaccharide, starch & complex sugars into simple sugars like glucose

Pepsin

- ◆ Proteolytic enzyme
- ◆ Essential for digestion of complex proteins to easily absorbable peptides & amino acids

Also Co-h₂ with H₂ antagonist/PPIs
