**PRODUCT RANGE**

Taj Group of Companies  
**TAJ PHARMACEUTICALS LTD.**

**DECA-DURALIN™**

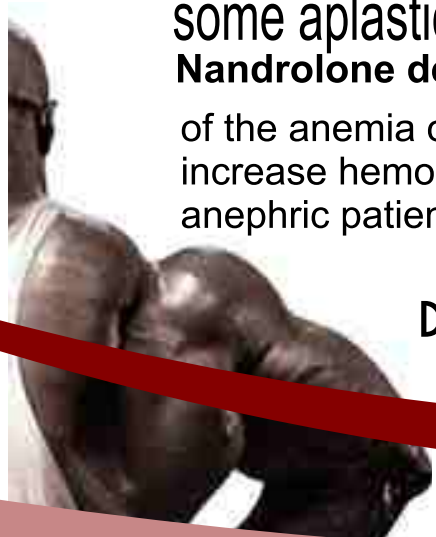

Nandrolone decanoate 25MG / 50MG

Nandrolone decanoate is used in the treatment of osteoporosis in postmenopausal women (though now not recommended) at a dose of **50 mg every three weeks**. It is also used for some aplastic anaemias.

**Nandrolone decanoate is indicated for the management** of the anemia of renal insufficiency and has been shown to increase hemoglobin and red cell mass. Surgically induced anephric patients have been reported to be less responsive.
