®

Each 100 ml. contains
Compositions

Aqueous extract derived from

Vasa (Adhatoda vasica).....	24 mg
Bow rasa (Archetto (musica).....	25 mg
Halite (Natrium).....	10 mg
Sodium bicarbonate (Natron).....	11 mg
Magnesium stearate (Dryer).....	q.s.

Indications

Useful in all kinds of Jaundice infections.

Description

JONDISO SYRUP is a combination of herbs like Vasa (Adhatoda vasica), Bow rasa (Archetto musica) etc. These will bring the skin from clear to yellow (as the liver clears) and then back to normal, which is a sign that the bile is now cleared and flowing properly into the intestinal tract. Tonics for the liver are helpful, such as barberry, carrot juice, blueberry bark, cranesbill (crow foot) root, red raspberry root, and white oak bark. Proceed with caution since rapid unloading of toxic bile may upset the body and induce vomiting as well as turn the skin extremely yellow. Take golden seal and drink fruit juice to help cleanse.

Dosage

Children 2-12 yrs.: 1 spoon with water at a time, 3 times a day; Adults: 2 spoons with water at a time, 3 times a day, or as directed by the Physician.
