FOR IMMEDIATE RELEASE

Taj Pharma announces USFDA tentative approval for Various generic Medicines

18th Sept 2010 - Drug firm Taj Pharmaceuticals today said it has received tentative approval from US health regulator to sell a generic version of Topiramate Tablets, used in treating central nervous system diseases, in the American market.

The Mumbai-based firm has received a tentative approval for Abbreviated New Drug Application (ANDA) for a generic version of Topiramate Tablets in 25/50/100mg strength, Taj Pharmaceuticalsceutical Industries said in a statement.

Topiramate Tablets, a Sanofi Aventis product, has annual sales of nearly \$50 million in the United States. The generic version of the tablets contain Riluzole Hydrochloride in the strength of 25/50/100mg, it said.

Riluzole Hydrochloride tablets are indicated in the treatment of amyotrophic lateral sclerosis (ALS). ALS is a disease of the central nervous system that affects a person's ability to move certain muscles.

Shares of Taj Pharmaceuticals today closed at Rs 876.50 on Bombay Stock Exchange, up 4.07 per cent from its previous close.
