Taj Pharma Group announces

USFDA tentative approval for Various generic Medicines

4th June 2009, Indian Pharmaceuticals Company Taj Pharmaceuticals based in Mumbai announced FDA approval for Nitazoxanide Generic drug manufacturing for regulatory market and non-regulated market.

The company is said to have approvals for different combinations of the drug, i.e. Nitazoxanide 100mg/5ml, Nitazoxanide 500mg, Nitazoxanide 200mg, Nitazoxanide 100mg/30ml.

The generic manufacturing strategies of New Drug Nitazoxanide and the product-process of Taj Pharmaceuticals Ltd. are compared and collaborated using data from global Pharmaceuticals manufacturing plants in the UK(Newcastle), US, Korea, Italy, Germany and Japan.

The Indian company is eminent manufacturer, supplier and exporter of Nitazoxanide and various pharmaceuticals generics medicines in Tablets, capsules, Vial (injections), ampule, Strips and schedule packs etc.

The companies integrated research team facilitates the affordable production of the drug for even non-regulated markets of the world. i.e. Middle East, Thailand, Bangladesh etc.

The company is also involved in manufacturing of Active Ingredient of various pharmaceuticals finished formulations in IP /BP / USP grades for all markets.

The approvals bring a positive uplift in the share market and public perception for Pharmaceuticals investors.
