#### **How can Activital help you?**

With the help of ginseng, vitamins and minerals, Activital increases the utilization of oxygen in your body to the normal levels. As a result, you won't experience the condition that are typical to tiredness, weakness and fatigue. You will, in fact, feel sharp and active all day long. Ginseng has been actively researched in various parts of the world where it is taken as food supplement for improving the vitality of systems in the body.

#### **Activital has manifold benefits :**

- It increases physical work capacity by countering fatigue and helping oxygen transport to tissue (for producing energy) during physical exertion.
- It improves endurance, tolerance and compatibility during stressful states.
- It improves performance in activities which require skill, coordination, concentration, learning and memory.
- It replenishes vitamins and minerals (essential constituents of a balanced diet) and helps maintain good health.
