

Brain Toner (Syrup)

Each 5ml contains:

Composition

| | |
|---|--------|
| Shankpushpi | |
| Ext(Convolvulus pluricularis)..... | 40 mg |
| Shankpushpi (Convolvulus pluricularis)..... | 60 mg |
| Jatamansi (Nardostachys jatamansi)..... | 10 mg |
| Kushtha (Saussurea lappa)..... | 10 mg |
| Vrishya (Phyllanthus emblica)..... | 60 mg |
| Ashwagandha..... | 50 mg |
| Brahmi..... | 100 mg |
| Vacha..... | 20 mg |
| Jyotishmati..... | 60 mg |
| Ustukhudus..... | 20 mg |
| Mukta Shukti..... | 50 mg |

Indications

Brain Toner is an herbal formulation of several medicinal plants which have been categorized in traditional Indian medicine as Medhyarasayanas and used to regulate behavior, improve Brain memory and minimize normal cognitive deficits associated with old age & children. The mentally fatigued and elderly can reduce frustrating bouts of forgetfulness. Brain Toner has been found very effective in helping children maintain appropriate class conduct.

Description

Chemical substances and plant extracts that are known to restore the memory work in different ways. The bacosides are the memory chemicals in Brahmi. According to scientists at the Central Drug Research Institute located in Lucknow, India, the bacosides help to repair damaged neurons by adding muscle to kinase, the protein involved in the synthesis of new neurons to replace the old ones. Depleted synaptic activity is thus restored, leading to augmented memory functions.

How Bacopsin Boost memory

1. on receiving signals from the sensory organs, the receptor in each neuron of the human trigger an electric pulse, mediated through a change in protein composition.
2. The pulse is transmitted to the next neuron through synapse.
3. However continuous electrical activity wears out the synapses, impairing new memory creation and causing loss of memory.
4. The bacosides help in restoring the synaptic activity of neurons.

Brain Tonēr®

Brain Toner (Syrup)

Benefits of Brain Toner Syrup:

- Improves concentration and memory
- Accelerates brain function and improves learning ability
- Relieves mental and physical stress
- Controls anger, fear, hopelessness and other emotions
- Restores co-ordination between mind and body
- Relieves tension & anxiety
- Boosts your energy levels

Dosage

2 to 3 Teaspoon full thrice daily for children above 2 years upto adults or as directed by the physician.

Presentations

- 100 ml Bottle
- 200 ml Bottle
