

Look's Skin Oil ®

Look's Skin Oil ®

Compositions

Acacia catechu, Albizzia lebeck, Piper nigrum.

Indications

Maintains natural oil balance

Descriptions

A serious traditional formulation that has been handed down for generations in look's skin oil used for acne, brown spots, allergies, skin problems; it helps in beautifying the skin.

Directions

As a facial care - apply to dry clean skin and leave for at least 20 min. If necessary wipe out the excess. For mature skin, apply at the evening and leave overnight. Because of high content of carotenes, oil extract has rich yellow to reddish color. Please note, due to the high content of carotenes oil sometimes may cause light burning sensation for a few moments after the administration. For sensitive skin (baby skin) consider Rose hips Sea Buckthorn combination.

To help heal sunburns and reverse skin damaging effect of sun radiation apply to the affected areas as soon after the sun exposure as possible. Repeat in 2, 8, 24 hours. To promote skin recovery and avoid skin aging effects of sun - continue treatments until the inflammation is visible. For regular after sun skin treatment use After sun skin oil with Sea Buckthorn oil and natural Vitamin E. Apply Light amber oil or Soft green oil as a protective and moisturizing skin treatments before sun exposure.
