Lifecare Skin Toner ®

Acacia catechu is highly valuable for its powerful astringent and antioxidant activities. It is useful in dental, oral, throat infections and as an astringent for reducing oozing from chronic ulcers and wounds. The chief phytoconstituent are constituents of the heartwood are catechin and epicatechin.

Acacia has a considerable antimicrobial effect. A survey shows that they are being used as chewing sticks in various parts of the world, due to its antimicrobial effect and hence considered as valuable ingredient for dental care preparations and more.

Dosage

To be applied externally on the affected area as directed By the Physician.
